

BUG

Building User Group

Welcome to BUG!

Three years ago the Building User Group was formed as a parent based group, involved in making decisions around the plans for the new Sure Start Children's Centre.

Our aim is to help Hindley / Hindley Green become more of a community and to get the community to use the building.

The garden was our first major project. As our aim is to encourage the community to use the building, we decided to develop the crèche garden into a 'Community Garden'.

On Saturday mornings, all members of the community come along and grow fruit & veg, or just sit and enjoy a relaxing atmosphere!

Lady bird

Butterfly

Bumble Bee

Worm

Ant

Caterpillar

Jo Ralph

Jayne Mills

"I would recommend volunteering to anyone as it gives a real feeling of satisfaction" - Treena Ward

"There are lots of things to do with children and you get to make new friends yourself" - Marie Kelsall

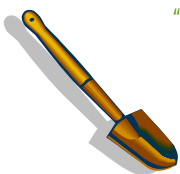

"A great place to meet special friends"- Marie Stott

"I've made such good friends and laughed a lot!" - Karen Pearson

"The experiences I gained from BUG helped me gain full-time employment"- Lesley Tyrer

"Being part of BUG is very rewarding, it helps with confidence, social skills
& it gives you a break from your children" - Jo Ralph

"The strawberries from the garden were delicious and I'm thinking of making a vegetable patch at home" - Jayne Mills
