Reasons for objection

If you are objecting to the SCI, please specify on which of the following tests of soundness you consider that this part of the SCI fails. (See Appendix C in the draft SCI for detail on the tests of soundness).

Please tick the box below if you consider the SCI fails that test.

- 1 The SCI complies with the minimum requirements for consultations as set out in the Town and Country Planning (Local Development) (England) Regulations 2004.
- 2 The SCI's strategy for community involvement links with other community involvement initiatives (e.g the Community Strategy).
- 3 The SCI identifies in general terms which local community groups and other bodies will be consulted.
- 4 The SCI identifies how the community and other bodies can be involved in a timely and accessible manner.
- 5 The methods of consultation to be employed are suitable for the intended audience and for the different stages in the preparation of local development documents.
- 6 Resources are available to manage community involvement effectively.
- 7 The SCI shows how the results of community involvement will be fed into the preparation of development plan documents and supplementary planning documents.
- 8 The SCI sets out a mechanism for reviewing the SCI.
- 9 The SCI clearly describes the policy for consultation on planning applications.

Changes to the SCI

Please give details of what change(s) you would like to see to the SCI and why, having regard to the tests of soundness listed above (please be precise as possible):

1. Groups not readily identifiable who are to be consulted. Paragraph 4.4 refers to 7 groups and does refer to details in Appendix D. Appendix D then has 9 subheadings. More clarity required.

2. Other Consultees as listed in E3 of Annex E PPS12 should be described in Appendix D. Sport England is one of these agencies. It would be useful and informative for this to be included.

3. Chapter 4 would need corresponding amendment as per the above suggestion.

Such changes will improve the soundness of the SCI.

(Continue on a separate sheet if necessary)

Can your representation be considered by written representations or do you consider it necessary to attend the Examination?

Written Representations

Attend Examination. If so, please outline why you consider this to be necessary:

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to attend the Examination.

Changes to the SCI

Please give details of what change(s) you would like to see to the SCI and why, having regard to the tests of soundness listed above (please be precise as possible):

Paragraph 9.5 refers to prudent use of resources, paragraph 8.20 that statutory consultees will be notified and consulted on planning applications.

Spelt England wishes the SCI to explicitly state that consultation with Statutory Consultees will be fully resourced with adequate information to enable full and proper consultation to be performed, enabling such consultees to discharge their statutory role.

Receipt of information to be in a form required by the consultee and to extend to receipt of ~~consideration~~ decision notices. (Continue on a separate sheet if necessary)

Such changes will improve the soundness of the SCI.
