Date 3rd February 2009

BACKGROUND:

1. On 26th June 2008 Cabinet considered a report regarding the review of Advisory Panels and Overview and Scrutiny Select Committees and resolved to endorse the proposals to:
 - a) Disestablish the five Advisory Panels and the four Overview and Scrutiny Select Committees
 - b) Change the name of the Overview and Scrutiny Committee to the Overview and Scrutiny Coordinating Committee
 - c) Establish four Scrutiny Committees to mirror the four thematic and delivery partnerships of the Local Strategic Partnership (Wigan Borough Partnership) as follows:
 - i) Children, Young People and Families Scrutiny Committee;
 - ii) Adult, Health and Wellbeing Scrutiny Committee
 - iii) Building Stronger Communities Scrutiny Committee
 - iv) Economy, Environment, Culture and Housing Scrutiny Committee

and authorised the Service Director Borough Solicitor and the Service Director - Business Transformation to seek the views of the Overview and Scrutiny Committee, the Audit Governance and Improvement Review Committee and the Advisory Panels and to report back to the Cabinet.

2. The responses of the Committees and Panels listed above were reported back to Cabinet on 11th December 2008 and Cabinet authorised the Service Director Borough Solicitor to examine the implications of the comments made by Members and bring a further report back to Cabinet setting out the detail of terms of reference and proposed membership for the Committees with a view to implementation in the next municipal year.

RESPONSES TO CONCERNS RAISED BY MEMBERS

Capacity of the four Scrutiny Committees

3. An issue from all Panels consulted was the capacity and remit of the four Scrutiny Committees, in particular the Economy, Environment, Culture and Housing Scrutiny Committee. In response, the terms of reference incorporate a provision that the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees all have the ability to establish ad hoc Sub-Committees, as required, to assist them in carrying out reviews.
4. It is recommended that the Overview and Scrutiny Coordinating Committee meet twice per eight week Council cycle and that the four Scrutiny Committees meet once per Council cycle but that the frequency of meeting be kept under review.

Health Issues Relating to Children and Young People

5. Members asked for clarity about where health issues relating to children and young people would be scrutinised. It is recommended that in principle the Health Scrutiny function (including health issues relating to children and young people) be undertaken by the Adult, Health and Wellbeing Scrutiny Committee. Members are further advised that where a matter has implications for two Scrutiny Committees the Overview and Scrutiny Coordinating Committee shall decide upon which of the Scrutiny Committees shall have jurisdiction of the matter and may decide it to be appropriate to convene a joint meeting of two or more Scrutiny Committees to consider a particular matter as necessary.

The Ability of Portfolio Holders to Chair or be Members of the Four Scrutiny Committees

6. Members asked if portfolio holders would be able to chair or sit on the Overview and Scrutiny Coordinating Committee or the four Scrutiny Committees. In response, Members are advised that Cabinet Members are prevented by law from also being Members of an Overview and Scrutiny Committee or Sub-Committee. This will also extend to the four Scrutiny Committees. There is however nothing to prevent the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees approving a Portfolio Holder being present at their meetings, if the Committee so wishes, to answer questions, etc. Such a Cabinet Member would however have no entitlement to vote.
7. In addition, Members may consider it appropriate to have a specific agenda item, or items, at which the portfolio holder may inform the Scrutiny Committee of any relevant Cabinet decisions (or any other matters relevant to the Committee) and may answer any questions the Members of the Scrutiny Committee may have.

Appointment of Chairmen

8. Members asked if the new proposals would change the way that Chairmen are selected and whether opposition Chairmen would be accepted. In response, Members are advised that Council has power to appoint the Chairmen, Vice-Chairman and Members of the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees. If Council does not appoint a Chairman to any one of those five Committees, then the Committee concerned may, under Rule 7 of the Overview and Scrutiny Procedure Rules, appoint a Chairman itself from within its Membership.

9. Members are reminded that the Government has issued advice on the composition of Overview and Scrutiny Committees as follows:

“ In deciding the membership of overview and scrutiny committees, local authorities will need to take into account the particular skills and expertise required to ensure that thorough and informed reviews take place. They should consider whether to include those who are not members of the local authority to bring outside views to the work of such committees.

Where there is a majority group, local authorities might consider it appropriate to have all or some of these committees chaired by members outside the majority group or by church or parent governor representatives. Overview and Scrutiny should be constructive and not merely be there either always to oppose the executive or to rubber stamp the executive's decision.

10. Council has appointed Members from the majority Labour Group to be the Chairmen of the current Overview and Scrutiny Committee and the four current Select Committees. It has also appointed a Labour Group Member and a minority Group Member to be the two Vice-Chairmen of the Overview and Scrutiny Committee. The four current Select Committees do not have Vice-Chairmen appointed. In appointing the Chairmen, and any Vice-Chairmen, of the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees Council will be required to have regard to the government advice referred to in paragraph 9 above.

CIPFA Guidance Regarding the Composition of the Audit Governance and Improvement Review Committee

11. Members referred to CIPFA guidance which provides that the composition of the Audit Governance and Improvement Review Committee should only include one member of the Cabinet and one member of the Overview and Scrutiny Committee. The Guidance is intended to ensure that the Audit Governance and Improvement Review Committee remains independent of the Executive and the Overview and Scrutiny function to enable it to provide effective challenge across the council and independent assurance on the risk management framework and associated internal control environment to members and the public, and can demonstrate the impact of its work.
12. The CIPFA Guidance was followed when the Membership of the current Audit Governance and Improvement Review Committee Membership was established. Members are advised that the view can be taken that the CIPFA Guidance should only apply to the Overview and Scrutiny Coordinating Committee. To do otherwise would severely limit the membership of either the Scrutiny Committees or the Audit Governance and Improvement Review Committee. This interpretation is being clarified with the Audit Commission. Therefore it is anticipated that there will be no restriction on the number of Members who sit on both a Scrutiny Committees and the Audit Governance and Improvement Review Committee.

Prejudicial Interests Under the Members' Code of Conduct

13. Members are reminded that paragraph 11 of the Members' Code of Conduct has the effect of giving Members a prejudicial interest in any business before the Overview and Scrutiny Coordinating Committee where that business relates to a decision made (whether implemented or not) or action taken by a Scrutiny Committee and at the time the decision was made or action was taken, the Member of the Scrutiny Committee and he/she was present when that decision was made or action was taken. This provision should be borne in mind by the Group Leaders when they nominate the Membership of the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees.

PROPOSALS

Disestablishment of the Overview and Scrutiny Committee and the Five Advisory Panels

14. It is recommended that the Overview and Scrutiny Committee, the five Advisory Panels and the four Overview and Scrutiny Select Committees be disestablished on 20th May 2009

Membership of the New Committees

15. In addition to the Co-opted Members the Overview and Scrutiny Committee currently consists of 23 Council Members and each of the Advisory Panels currently consists of 12 Members of the Council, making a total number of seats for elected Members of 83. It is believed that the Overview and Scrutiny Committee Membership is so large to enable the Membership of the four current Select Committees to be drawn from the Members of the Overview and Scrutiny Committee.
16. In the recommended new structure the Membership of the four Scrutiny Committees will not be drawn solely from the Membership of the Overview and Scrutiny Coordinating Committee. Members therefore have the following options
 - OPTION A** – Members have the option of retaining the same membership profile in the new structure of 23 elected Members on the Overview and Scrutiny Coordinating Committee and 12 elected Members on each of the four Scrutiny Committees, giving a total elected membership of 71 Members.
 - OPTION B** - Members could alternatively agree to having 15 elected Members on each of the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees.

Given that option B would give 75 seats in total available on the five new Committees compared with the 71 seats available if option A were adopted, it is recommended that option B be adopted.

17. It is therefore recommended that with effect from 20th May 2009 the following Committees be established:
- Overview and Scrutiny Coordinating Committee, consisting of the Chairmen of each of the four Scrutiny Committees listed below and 11 other Members (making a total of 15 Members) plus Co-opted Members
 - Children, Young People and Families Scrutiny Committee, consisting of 15 elected Members plus Co-opted Members (if any)
 - Adult, Health and Wellbeing Scrutiny Committee, consisting of 15 elected Members plus Co-opted Members (if any)
 - Building Stronger Communities Scrutiny Committee, consisting of 15 elected Members plus Co-opted Members (if any)
 - Economy, Environment, Culture and Housing Scrutiny Committee, consisting of 15 elected Members plus Co-opted Members (if any)
18. It is recommended that the Constitution be amended such that:
- any reference to the “Overview and Scrutiny Committee” is amended to read “Overview and Scrutiny Coordinating Committee”;
 - any reference to an Advisory Panel is amended to read the appropriate Scrutiny Committee; and
 - any reference to an Overview and Scrutiny Select Committee is amended to read the appropriate Scrutiny Committee.

Call-in Provisions

19. Members are advised that the guidance issued by the Secretary of State on the operation by local authorities of executive arrangements under the Local Government Act 2000 provides:

“Call-in should only be used in exceptional circumstances. Local Authorities should ensure that the executive arrangements ensure that any call-in procedure is not abused or used unduly to delay decisions or slow down the process of decision making. In particular the executive will, from time to time, need to take decisions which need to be implemented quickly. Local authorities will need to develop local conventions and protocols to prevent abuse of an overview and scrutiny committee’s power to recommend that a decision made, but not yet implemented, be reconsidered. Local authorities should keep the operation of any call-in arrangements under review to ensure that they are not abused with an associated negative effect on the efficiency of executive decision making.”

20. Currently, the powers to call-in decisions of Cabinet and Key Decisions of officers can be exercised by the Chairman of the Overview and Scrutiny Committee or any six Members of that Committee and all call-ins are considered by the Overview and Scrutiny Committee. However, in the new scrutiny structure the four Scrutiny Committees will operate differently from the current Overview and Scrutiny Select Committees and will specialise in scrutiny of particular areas. Consideration needs to be given therefore to the exercise of call-in powers in relation to these areas.
21. Various options can be considered under the new structure for call-ins:

OPTION A - All call-ins are referred to the Overview and Scrutiny Coordinating Committee for consideration.

This is similar to the position currently adopted by the Council. If this process were to be adopted Members could:

- A(i) allow call-ins to be made by the Chairman of the Overview and Scrutiny Coordinating Committee alone, as at present, or
- A(ii) could amend the relevant Rule such that the agreement of the Vice-Chairman (or Chairmen as the case may be) is also required.

Call-in can also be exercised currently by six Members of the Overview and Scrutiny Committee.. If the recommendation to have 15 Members on the Overview and Scrutiny Coordinating Committee is followed then Members have the option of:

- A(iii) retaining the requirement to have six Members of the Overview and Scrutiny Committee to exercise the power of call-in, or
- A(iv) reducing the number of Members of the Coordinating Committee required to call-in a decision. If the same proportion of Members required to call-in a decision is to be maintained this would suggest a reduction of Members required to call-in a decision to four, or
- A(v) having regard to the government guidance at paragraph 19 above, only reducing the number to five and to review that number in twelve months time.

OPTION B - Call-ins are referred to the relevant Scrutiny Committee where the decision called-in is within the terms of reference of that Scrutiny Committee. If the decision called in is not specific in nature to any of the four Scrutiny Committees the call-in shall be referred to the Overview and Scrutiny Coordinating Committee for consideration. If this process were to be adopted it is suggested that the power of call-in be exercisable by the Chairman and Vice-Chairman of the Overview and Scrutiny Coordinating Committee or the relevant Scrutiny Committee (whichever the Head of Paid Service considers applicable in relation to any particular decision). Further, that the call-in power can be exercisable by either:

- B(i) an agreed number (six is suggested) of any of the total Members who sit on the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees; or

B(ii) an agreed number (six is suggested) of any of the Members of Council (excluding the Cabinet Members).

22. Given that in the new scrutiny structure the four Scrutiny Committees will specialise in scrutiny of particular areas it is recommended that option B(ii) above be adopted. Members are reminded however that as Monitoring Officer I am required to monitor and review the operation of the Council's Constitution and must have regard to the Government's guidance referred to in paragraph 19 above to ensure that the call-in procedure is not abused or used unduly to delay decisions or slow down the process of decision making. If option B(ii) is adopted and the power of call-in is abused by Members then as Monitoring Officer I will be required to report the matter back to Members with a suggestion to increase the number required to prevent further abuse.

Political Balance

23. There will be a requirement for the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees to be politically balanced. The allocation of seats available to each of the political Groups on the Council on the various Committees of the Council will therefore require to be recalculated to ensure political balance. The Group Leaders will be consulted prior to the Annual Meeting of the Council in that regard.

Terms of Reference

24. It is also recommended that the above Committees have the Terms of Reference set out in the Appendix to this report and that Article 6 of the Council's Constitution be amended accordingly.

Co-opted Members

25. A number of organisations currently have representatives co-opted onto the Overview and Scrutiny Committee and the five Advisory Panels. It is suggested that the statutory co-opted organisations who currently nominate representatives onto the Overview and Scrutiny Committee and the Children and Young People's Panel be similarly co-opted onto the Overview and Scrutiny Coordinating Committee and the Children, Young People and Families Scrutiny Committee, namely:

Statutory Co-opted(6)

Representatives of Religious Denominations (3):

- Roman Catholic;
- Church of England
- Bolton & Rochdale Methodist District/Free Churches

Representatives of Parent Governors (3)

- Secondary Sector
- Primary Sector
- Special Sector.

The above statutory co-opted Members will be entitled to vote only on education issues considered by the two Committees.

26. In relation to the remaining Co-opted membership of the four Scrutiny Committees Members have the option of:

OPTION A – Allowing the same organisations who currently nominate Co-opted Members on to the Advisory Panels to nominate on to the relevant Scrutiny Committee, or

OPTION B - Members may consider it to be appropriate that each of the Scrutiny Committees should consider whether it is still appropriate to have permanent Co-opted Members on their Scrutiny Committees.

Given the change in role of the four new Scrutiny Committees compared to the existing Select Committees it is recommended that option B above be adopted.

27. It is suggested that the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees consider and suggest to Council whether any additional organisations be invited to have representatives co-opted onto their Committees. The Local Government and Housing Act provides that such Co-opted Members will not have any voting rights because the Committees will have decision taking powers.

Members Allowances

28. Because it is likely that the agreed amended structure will affect certain Special Responsibility Allowances it is recommended that the amended structure be forwarded to the Independent Remuneration Panel and that the recommendation of the Panel in relation to Members' allowances be considered by Council once received.

RECOMMENDATION:

29. That Cabinet recommend that Council amend its decision taking structure by:
- Disestablishing the five Advisory Panels and the four Overview and Scrutiny Select Committees
 - Changing the name of the Overview and Scrutiny Committee to the Overview and Scrutiny Coordinating Committee and agreeing the terms of reference of that Committee
 - Establishing, and agreeing the terms of reference, of four Scrutiny Committees to mirror the four thematic and delivery partnerships of the Local Strategic Partnership
30. That Cabinet consider which of the options referred to in paragraph 16 above for the number of Members to have on the Overview and Scrutiny Coordinating Committee and the four Scrutiny Committees it recommends to Council

31. That Cabinet consider which of the options for call-in referred to in paragraph 21 above it recommends to Council
32. That Cabinet consider which of the options for the Co-opted Membership of the four Scrutiny Committees referred to in paragraph 26 above it recommends to Council
