

# HOUSING AND SUPPORT NEEDS ANALYSIS

## SINGLE HOMELESS PEOPLE AND ROUGH SLEEPERS

gan Social Services Document control		
Document title	Appendix L to the Supporting People 5 year strategy	
Purpose	To inform the planning of supported housing for Single homeless people and rough sleepers	
Author	Sarah McCarthy	
Date of publication	3.5.05	
Valid until	2010 (To be reviewed by 31.3.06)	
Owner/responsibility	Supporting People Commissioning Body	
Distribution	Placed on Homelessness website Supporting People Commissioning Body SPKweb	
Version	Date	Comments
Final	3.5.05	Please report any anomalies to S McCarthy

Details of amendments (including Section Number)	Name of person amending document	Date of amendment
Inclusion of outcome data (2005/6 and 06/07 Q1)	Julie McGregor (SP Team)	August 2006
Inclusion of client record data 2005/6	Julie McGregor (SP Team)	September 2006
Client record data (06/07 Q1 and 2 – published data)	Paula Adamczyk (SP Team)	Jan 07
Amendments to structure of PIs and Client Record Data plus inclusion of narrative	Sarah McCarthy/Paula (SP Team)	January 2007
Prevalence and presentations (from Michelle Price)	Sarah McCarthy	Jan 07
Client record details 06/07 Q 1- 3 (full data)	Paula Adamczyk (SP Team)	Feb 07
Local picture (from Michelle Price)	Sarah McCarthy	Feb 2007
Inclusion of outcome data (2006/7 Q2 and Q3)	Paula Adamczyk (SP Team)	Feb 07

# SINGLE HOMELESS PEOPLE AND ROUGH SLEEPERS

## 1.0 NATIONAL AND LOCAL CONTEXT

The government has the following targets:

- An end to the use of Bed and Breakfast for homeless families with children, except in emergencies, and even then for no longer than six weeks
- Levels of rough sleeping that are two thirds below the levels recorded in 1998 or lower

In addition, the Government is also wanting to achieve the following outcomes:

- reduced levels of repeat homelessness and a greater focus on prevention;
- reduced levels of homelessness against main causes and
- reduced inappropriate use of temporary accommodation and halve the overall use of temporary accommodation by 2010.

Wigan's Homelessness Strategy includes a number of Objectives including:

- To ensure that there is support for people who are or may become homeless, or who need support to prevent them from becoming homeless again

### Local Picture

All local authorities were required to produce a homelessness strategy to set out their local targets for homelessness prevention. Wigan Homelessness Forum produced its strategy "A Place for Me" in 2003 and has since achieved many of the targets within it which includes the following objective:

- To ensure that there is support for people who are or may become homeless, or who need support to prevent them from becoming homeless again.

However, despite numerous achievements sustained numbers of presentations have placed a continuing strain on resources. With 2956 homelessness presentations last year, Wigan has the second highest number presenting as homeless in Greater Manchester.

Affordability issues have had a national impact with increasing house prices leading to more demand for social housing combined with less turnover of available properties. The issue of affordability also means that those who at one time would have been able to purchase their own property, should their relationship breakdown etc, can no longer afford to. This means that such people, often families, are left with no alternative but to pursue the homelessness route.

Affordability has been an issue locally. "Wigan's Changing Housing Markets" was produced in 2005 and demonstrates the extent of the problem. The average house price in the borough is £119,500 with an access price for those looking to enter the market at £89,705. As a result of this less people in the borough are moving out of social housing and there has been a significant downturn in the availability of stock. In 2001/2, 3112 properties were available for new tenants and yet by 2005/6 this figure had reduced to 2058. This has impacted on all homeless groups and homeless families have been among them. Fewer houses are now available meaning more and more homeless families are waiting longer for properties, often resulting in them being housed in temporary accommodation for longer periods.

Action has been taken including amendments to the Local Authority Choice Based Allocation Policy, a review of the nomination agreement with RSL's in the borough and the introduction of a bond scheme to assist access to the private rented sector for families who are intentionally homeless.

A number of other preventative initiatives have been introduced in the borough including the establishment of a Prevention Team within WALH. The Prevention Team accepts referrals from all agencies and areas and from mid 2005 until December 2006 prevented 379 cases of homelessness. Work involves dealing with all aspects of homelessness to try to prevent it at its earliest point, adopting the ethos that all homelessness is preventable. "Top" issues dealt with on a regular basis include: - end of assured shorthold tenancies, family/ friend exclusions, newly released prisoners, debt issues, mortgage arrears and others. The prevention team aim to offer housing options and debt advice as well as mediation and income maximisation in order to resolve issues and move from crisis to planned moves.

Other initiatives established to aim to alleviate the pressures of homelessness have focused on support with the aim of maintaining tenancies and reducing the incidence of homelessness. A Housing Link Team has been established also based within WALH alongside other floating support schemes, ran by ECHG, Adactus and DIAS. These schemes focus on providing support to the vulnerable, equipping them with the life skills necessary to successfully manage their tenancy and minimise the potential for the tenancy to fail. Of all Housing Link tenancies set up since April 2006, 100% have been maintained for more than six months.

## 2.0 CURRENT SUPPLY

### 2.1 CURRENT PROVISION

Name of Provider	Supported Housing Projects			Floating Support
	Number of projects	Number of units	Location	Number of units
County Palatine	5	27	various	0
ECHG	1	22	Leigh	0

### 2.2 CURRENT LEVEL OF PROVISION: REGIONAL AND NATIONAL COMPARISON

Figures, supplied by the Office of the Deputy Prime Minister, showing the provision of Supporting People funded services, as at 31<sup>st</sup> March 2003, indicate that the number of units of accommodation based services and floating support within the Borough is lower than the regional and national average

	Wigan		Regional		National	
	Accommodation Based	Floating	Accommodation Based	Floating	Accommodation Based	Floating
Units per 1,000 population	0.16	0	0.67	0.21	0.76	0.19
Grant per 1,000 population	33.64	0	0	0	00	0
Unit cost	205.95	0	166.32	72.86	133.20	59.82

### 3.0 WHAT IS THE LEVEL OF NEED?

#### 3.1 PREVALENCE FIGURES

The number of presentations to Wigan and Leigh Housing are shown below.

Family Type	2001/ 2	2002/ 3	2003/ 4	2004/ 5	2005/ 6	% of all presentations in 2003/04	% change in 2003/04
Couple	106	131	172	234	144	6	-38
Single Female	406	502	564	546	361	12	-34
Single Male	801	1075	1051	971	749	25	-22
Total	1313	1708	1787	1751	1254		

#### 3.2 ANALYSIS OF PROVIDER REFERRAL DATA

2003/4: 665 people applied to access Coops, County Palatine hostels, Housing link, Railway Road (part year) and Floating support –offenders (part year). Of which 566 (233 accepted) tried to access one support service and 99 (56 accepted) tried to access more than one service. Further details of this needs assessment will be produced in a separate report by the end of June 2005.

2005/6 Adactus (5 Hostels), number of referrals 189 (52 accepted), refused 32, withdrawn 84, n/a 22.

#### 3.3 SUPPORTING PEOPLE CLIENT RECORD DATA

Every Supporting People funded service (except for sheltered housing) is required to complete a client record form for each new service user. The aggregated data for single homeless people is shown in the tables included in Appendix A.

The key points from the data are outlined below:

- During the last 3 years between 281 and 360 people on an annual basis have a primary or secondary need which is related to being a single person who is homeless (see Table 1)
- There are a range of secondary needs amongst those people with a primary need relating to being a young person at risk, however those which have been most often present are drug related problems; alcohol related problem; offending; being a young person and rough sleeping (see Table 2) .

***The following data relates only to those single people who have homelessness as a primary need (between 162 and 222 annually over the last 3 years)***

- 2.1% proportion of people are from BME communities which is significantly less than the BME population in the community (Table 3)
- Between 69% and 88% of people accessed accommodation based schemes on an annual basis over the last 3 years, with the trend being for the figures to fall. The remaining people accessed floating support schemes. (Table 4)
- A consistent pattern has emerged which shows that single homeless people are accessing services for the following groups: single homeless, homeless families, offenders; young people; generic. mental health (Table 5)
- A wide range of types of accommodation were occupied by single homeless people prior to accessing SP services (Table 6)

- Key referring agencies are housing (37%) and self referrals (21%) with there being a range of other referring agencies
- A minimal proportion of people require assistance under any of the following statutory framework with the exception of the homelessness legislation under which approximately 52% or more service users are entitled to assistance and 15% are supervised by the Probation Service
  - Care management (Table 8)
  - Care Programme Approach (Table 9)
  - Probation Service or Youth Offending Team (Table 10)
  - Drug Intervention Programme (Table 11) – *data not available until 06/07*
  - Statutorily homeless and owed a main homeless duty (Table 12)
  - Care Programme Approach (enhanced) (Table 13)
  - Multi Agency Protection Panel (Table 14)
- Number of single homeless people accessing SP services subject to the requirement of an Anti Social Behaviour Orders (Table 15) *No data available*
- Geographical location of the accommodation occupied by single homeless people immediately prior to receiving support (Table 16)

### 3.4 SUPPORTING PEOPLE SERVICES – PERFORMANCE DATA

#### Occupancy

What is the occupancy level of services classified as for single homeless people and rough sleepers?

	2004/05	2005/06	2006/07 Q1	2006/07 Q2	2006/07 Q3
Accommodation Based	92.6	92.8	94.1		
Floating Support	0	0	0		

#### Throughput

What level of throughput is there in services classified as for single homeless people and rough sleepers?

	2004/05	2005/06	2006/07 Q1	2006/07 Q2	2006/07 Q3
Accommodation Based					
Floating Support					

#### Outcomes – Short Term Accommodation Based Services

What proportion of people living in short term accommodation specifically for single homeless people and rough sleepers have moved on in a planned way (see explanation of planned and unplanned below)?

Short Term Services	2004/05	2005/06	2006/07 Q1	2006/07 Q2	2006/07 Q3
Accommodation based	55.8	67.9			

In the table below the destinations marked with a \* are always classed as unplanned. The remaining destinations can be either planned or unplanned depending on the individual's circumstances

Where do individuals leaving short term accommodation specifically for single homeless people and rough sleepers move to?

	2004/05	2005/06	2006/07 Q1	2006/07 Q2	2006/07 Q3
Staying with friends	19	47	18	6	0
Staying with family members	24	23	1	1	0
Bed & breakfast	3	3	0	0	0
Supported housing	50	91	14	11	0
Sheltered housing	0	0	0	0	0
Moved into a care home	0	0	0	0	0
Owner occupier	0	0	0	0	0
Renting privately owned accom	11	9	3	2	0
RSL tenancy	14	16	0	1	0
Local authority tenancy	17	16	5	1	0
Returned to previous home	5	5	0	0	0
Entered hospital (not long term care)	1	0	0	0	0
*Committed suicide	0	0	0	0	0
*Taken into custody	4	7	0	1	0
*Sleeping rough	0	0	0	0	0
*Entered a long stay hospital/hospice	0	0	0	0	0
*Entered an acute psychiatric hospital	1	0	0	0	0
Not known	32	15	0	2	0
<b>Total</b>	<b>181</b>	<b>132</b>	<b>41</b>	<b>25</b>	<b>0</b>

### 3.5 CONSULTATION

Issues raised through consultation in November 2004 included

- Difficulties in getting full amount of information – “people miss information off to avoid being refused” Difficulties arise when agencies who don’t know individuals are completing risk assessments prior to referral (e.g. Housing Aid)
- Clients are not well enough to access support services - needs to be an in between service to help people to access services (either more training for existing support staff or specialist staff available who potentially could work out of hours and be available to more than one service)
- Emergency access
- Difficulty in accessing move on accommodation
- Difficulty managing people with dual diagnosis
- Some single homelessness projects struggle when people have mental health issues

#### **4.0 CURRENT PROVISION: ARE CURRENT SERVICES MEETING LOCAL NEEDS AND PRIORITIES?**

##### **4.1 ASSESSMENT AS AT MARCH 2005**

Local evidence (presentations to the Homelessness Section, provider referral data and occupancy levels) demonstrates that there is a significant level of unmet need. Comparative data shows that the level of provision is below the regional average. The Council identified 3 years ago that the development of emergency accommodation for single homeless people is a key priority and subsequently supported a capital bid to the Housing Corporation to build a new scheme. The provision of revenue funding was subsequently under written by the Council.

The outcome data now available shows that ?of people in supported accommodation move on in a planned way.

##### **4.2 ASSESSMENT AS AT MARCH – JULY 2007**

Still to include

#### **5.0 GAPS AND PRIORITIES**

##### **5.1 GAPS - MARCH 2005**

The key **gaps** identified in services include

- Insufficient emergency accommodation
- Delays in accessing ordinary tenancies
- Lack of support for people with the most complex needs

##### **5.2 PRIORITIES – MARCH 2005**

2005/6 Services for single homeless people/rough sleepers placed in Priority Band 1

- Develop emergency accommodation (capital secured from Housing Corporation and the Council has underwritten the provision of revenue funding)

### **5.3 GAPS AND PRIORITIES: JANUARY – MARCH 2007**

Still to be included

## **6.0 KEY STRATEGIC PLANNING GROUP**

Homelessness Forum

## **7.0 USEFUL DOCUMENTS**

Homelessness Strategy  
Updates to Strategy
