

## Privacy Notice – what the Local Authority does with pupils’ and children’s and school workforce data

The **Local Authority (LA)** uses information about children for whom it provides services, to enable it to carry out specific functions for which it is responsible, such as the assessment of any special educational needs the child may have. It also uses the information to derive statistics to inform decisions on (for example) the funding of schools, and to assess the performance of schools and set targets for them. The statistics are used in such a way that individual children cannot be identified from them.

The Local Authority will use information about its school workforce for research and statistical purposes, and to evaluate and develop education policy and strategies. The statistics are used in such a way that individual staff cannot be identified from them. The LA may also use it to support and monitor schools regarding sickness and recruitment of staff.

Data Protection Officer at New Town Hall, Library Street, Wigan, WN1 1YN

### School and Pupil Performance Data

Wigan CYPS has existing agreements to share pupil data with **External Agencies**; these are currently Lancashire County Council, Fischer Family Trust (FFT), the Young People’s Learning Agency (YPLA), Angel Solutions Limited, and Alkemygold Limited. The data is used to support the LA and schools in analysing and presenting data, whilst also supporting target setting and ongoing performance analysis.

For more information contact the **Team Leader**, at the **Management Information Support Team (MIST)**, Wigan CYPS, Progress House, Westwood Park Drive, Wigan, WN3 4HH. Tel: 01942 486197.

### FUNd4ME

The FUNd4ME (subsidy) is part of the Government’s commitment to extended services in and around schools. This subsidy fund is targeted at pupils whose economic circumstances may act as a barrier to their participation in out-of-school activities.

In order to effectively target such pupils, customer information will be shared with the lead Extended School within each Extended Schools cluster. For further information on this process please contact the **Extended Services Manager, Extended Services Team** on 01942 828903

## **Primary Care Trusts**

Primary Care Trusts (PCT) use information about pupils for research and statistical purposes, to monitor the performance of local health services and to evaluate and develop them. The statistics are used in such a way that individual pupils cannot be identified from them. Information on the height and weight of individual pupils may however be provided to the child and its parents and this will require the PCTs to maintain details of pupils' names for this purpose for a period designated by the Department of Health following the weighing and measuring process. PCTs may also provide individual schools and LAs with aggregate information on pupils' height and weight.

## **Connexions Services**

For pupils of 13 years and over, the school is legally required to pass on certain information to Connexions services providers on request. Connexions is the government's information and advice service for all young people aged 13 to 19 in England (website: <http://www.connexions-direct.com/>). This information includes the name and address of the pupil and parent, and any further information relevant to the Connexions services' role.

However parents, or the pupils themselves if aged 16 or over, can ask that no information beyond name and address (for pupil and parent) be passed on to Connexions. If as a parent, or as a pupil aged 16 or over, you wish to opt-out and do not want Connexions to receive from the school information beyond name, address and date of birth then please contact the school.
