Nature of representation

Please select one of the following and specify the section and paragraph number that your representation applies to. Are you:

- Supporting part of the SCI? If so, to which part of the SCI does your representation relate:

Section : Paragraph:

- Objecting to part of the SCI? If so, to which part of the SCI does your representation relate:

Section: Paragraph:

- Objecting to the omission of a section or text? If so, where should the new section or text go in the SCI (please be as precise as possible).

Reasons for objection

If you are objecting to the SCI, please specify on which of the following tests of soundness you consider that this part of the SCI fails. (See Appendix C in the draft SCI for detail on the tests of soundness).

Please tick the box below if you consider the SCI fails that test.

- 1 The SCI complies with the minimum requirements for consultations as set out in the Town and Country Planning (Local Development) (England) Regulations 2004.
- 2 The SCI's strategy for community involvement links with other community involvement initiatives (e.g the Community Strategy).
- 3 The SCI identifies in general terms which local community groups and other bodies will be consulted.
- 4 The SCI identifies how the community and other bodies can be involved in a timely and accessible manner.
- 5 The methods of consultation to be employed are suitable for the intended audience and for the different stages in the preparation of local development documents.
- 6 Resources are available to manage community involvement effectively.
- 7 The SCI shows how the results of community involvement will be fed into the preparation of development plan documents and supplementary planning documents.
- 8 The SCI sets out a mechanism for reviewing the SCI.
- 9 The SCI clearly describes the policy for consultation on planning applications.

Changes to the SCI

Please give details of what change(s) you would like to see to the SCI and why, having regard to the tests of soundness listed above (please be precise as possible):

Method	Resource Implications	Benefits	Purpose	Why this method could be used
Health impact assessment (HIA)	Staff time, including expert facilitator if needed	HIA Panel already exists and is representative of the Borough. Effective resource for assessing the potential health impacts of proposals on the population	Inform, consult, involve	Maximises the positive health impacts and helps to identify and reduce negative ones

(Continue on a separate sheet if necessary)

Can your representation be considered by written representations or do you consider it necessary to attend the Examination?

Written Representations

Attend Examination. If so, please outline why you consider this to be necessary:

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to attend the Examination.

Changes to the SCI

Please give details of what change(s) you would like to see to the SCI and why, having regard to the tests of soundness listed above (please be precise as possible):

Recommend re-word as follows

- 6.3 The first stage in the process is to gather factual evidence. We will undertake surveys, **including health impact assessments where appropriate**, and seek informal discussions with relevant bodies to develop and keep up to date our evidence base to ensure that it remains robust.

Recommend re-word as follows

8.11 4th bullet point

- Create a more sustainable and acceptable development; **and undertake health impacts assessments, where appropriate.**
