Name _____ Role _____

School/Setting (if applicable) _____ Date _____

Area of Support - Please select one of the drop down options

Leadership and Management

Teaching and Learning

Personal Development and Welfare

Outcomes for children

Business Support (30hrs/Sustainability etc)

What do you hope to gain from our visit?

We would like some support around our continuous provision in pre-school. We feel the provision is not always challenging enough for all children and it lacks purpose sometimes.

What are you current barriers?

Staff knowing which skills to concentrate on for children working at different levels and provision being open ended enough to support those skills.

What have you tried already?

We have looked at the development matters statements and broke down the skills. We are now unsure of good quality resources that are suitable for all and that will lend themselves to the key skills. Also how can we engage staff so that they know who they are targeting and teaching next steps?

Referral process

Each referral will be sent to the LEyEP inbox. From there you will be contacted by a Lead member of staff to gather any additional information and arrange a visit time (within 5 working days)
Each member of the Early Learning and Childcare Team has a lead role and visits will be allocated on this basis.
