Section 4 of 11

ABOUT THE INSTALLATION

Please state below details of all the current activities in operation at the whole installation.

Please identify all activities listed in Schedule 1 to the EP regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

Please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- * Have a technical connection with the activities in the stationary technical unit
- * Could have an effect on pollution.

Please quote the chapter number, section number, then paragraph and sub-paragraph number as shown in Part 2 of schedule 1 to the EP regulations [For example, manufacturing glass and glass fibre where the use of lead or any lead compound is involved, would be listed as chapter 3, section 3.3, part B(b)].

Activities in the stationary technical unit

Wood manufacturing process, timber activities

Schedule 1 reference Chapter 6 section 6.6 part B (a) (ii)

Add another activity

Directly associated activities

Wood combustion process less than 1MW net thermal input

Schedule 1 reference guidance note 5-1 (18)

Add another activity

Why Is The Application Being Made?

The installation is new

- × The installation is existing, but changes to the installation or to the EP regulations means that an LAPPC Part B permit is now required.

Site Maps

Please provide a suitable map showing the location of the installation, clearly defining the chimney location and oil storage tank

Document reference DER / 001 / 2020

Please provide a suitable plan showing the layout of activities on the site, including bulk storage of materials, waste storage areas and any external emission points to atmosphere

Document reference DER / 002 / 2020 DER / 002a / 2020

Continued from previous page...

Section 5 of 11

THE INSTALLATION

Please provide information about the aspects of your installation. We need this information to determine whether you will operate the installation in a way in which all the environmental requirements of the EP Regulations are met.

Describe the proposed installation and activities and identify the foreseeable emissions to air from each stage of the process (this will include any foreseeable emissions during start up, shut down and any breakdown/abnormal operation). The use of process flow diagrams may aid to simplify the operations.

Details and/or document reference if attachment

DER / 003 / 2020

Once all foreseeable emissions have been identified in the proposed installation activities, each emission should be characterised (including odour) and quantified.

Atmospheric emissions should be categorised under the following

- i. Point source, (e.g. chimney / vent, identified by a number and detailed on a plan)
- ii. Fugitive source (e.g. from stockpiles / storage areas).

If any monitoring has been undertaken please provide the details of emission concentrations and quantify in terms of mass emissions. If no monitoring has been undertaken please state this.

(Emission concentration = e.g. milligrams per cubic metre of air; mass emission = e.g. grams per hour, tonnes per year)

Details and/or document reference if attachment

DER / 004 / 2020 and DER /004a /2020

For each emission identified from the installations' activities describe the current and proposed technology and other techniques for preventing or, where that is not practicable, reducing the emissions into the air. If no techniques are currently used and the emission goes directly to the environment, without abatement or treatment then this should be stated.

Details and/or document reference if attachment

Currently offcuts of timber etc are removed from site in a large Ro-Ro skip and sent to land-fill.

Describe the proposed systems to be used in the event of unintentional releases and their consequences. This must identify, assess and minimise the environmental risks and hazards, provide a risk based assessment of any likely unintentional releases, including the use of historical evidence. If no assessments have been carried out please state.

Details and/or document reference if attachment

DER / 006 /2020

Describe the proposed measures for monitoring all identified emissions including any environmental monitoring, and the frequency, measurement methodology and evaluation procedure proposed (e.g. particulate matter emissions, odour etc). Include the details of any monitoring which has been carried out which has not been requested in any other part of this application. If no monitoring is proposed for an emission please state the reason.

Details and/or document reference if attachment

DER / 005 / 2020

Continued from previous page...

Provide detailed procedures and policies of your proposed environmental management techniques, in relation to the installation activities described.

Details and/or document reference if attachment

DER / 007 / 2020

Section 6 of 11

IMPACT ON THE ENVIRONMENT

Provide an assessment of the potential significant local environmental effects of the foreseeable emissions (e.g. is there a history of complaints and/or is the installation in an air quality management area ?)

Details and/or document reference if attachment

There is no history of complaints.

Are there any Sites of Special Scientific Interest (SSSIs) or European protected sites which are within either;

- 2 kilometres - for an installation which includes part B combustion, incineration (but not crematoria), iron and steel and non-ferrous metal activities
- 1 kilometre - for Part B mineral activities and cement and lime activities
- ½ a kilometre - for all other part B activities.

Yes No

Section 7 of 11

ENVIRONMENTAL STATEMENTS

Has an environmental impact assessment been carried out under The Town and Country Planning (Environmental Impact Assessment)(England & Wales) Regulations 1999/293, or for any other reason with respect to the installation?

Yes No

Section 8 of 11

ADDITIONAL INFORMATION

Please supply any additional information which you would like us to take account of in considering this application.

Details and/or document reference if attachment

DER /009/ 2020 89751 from planning department confirming permitted development. 89751APP (Land contamination)8975

Section 9 of 11

ANNUAL CHARGES

If we grant you a permit, you will be required to pay an annual subsistence charge, failure to do so will result in revocation of your permit and you will not be able to operate your installation.

Please provide details of the address you wish invoices to be sent to and details of someone we may contact about fees and charges within your finance section.

Section 10 of 11

COMMERCIAL CONFIDENTIALITY

Is there any information in the application that you wish to justify being kept from the public register on the grounds of commercial confidentiality? Yes No

Is there any information in the application that you believe should be kept from the public register on the grounds of national security? Yes No

Continued from previous page...

The information you give will be used by the local authority to process your application. It will be placed on the relevant public register and used to monitor compliance with the permit conditions. We may also use and or disclose any of the information you give us in order to;

- Consult with the public, public bodies and other organisations
- Carry out statistical analysis, research and development on environmental issues
- Provide public register information to enquirers
- Make sure you keep to the conditions of your permit and deal with any matters relating to your permit
- Investigate possible breaches of environmental law and take any resulting action
- Prevent breaches of environmental law
- Offer you documents or services relating to environmental matters
- Respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act allows)
- Assess customer service satisfaction and improve our service.

We may pass on the information to agents/ representatives who we ask to do any of these things on our behalf. It is an offence under regulation 38 of the EP regulations, for the purpose of obtaining a permit (for yourself or anyone else) to;

- Make a false statement which you know to be false or misleading in a material particular
- Recklessly make a statement which is false or misleading in a material particular.

If you make a false statement;

- We may prosecute you, and
- If you are convicted, you are liable to a fine or imprisonment (or both).

Section 11 of 11

PAYMENT DETAILS

This fee must be paid to the authority. If you complete the application online, you must pay it by debit or credit card.

You are advised to contact the Environmental Health Team to discuss the fee you pay. An application submitted with the wrong fee is not 'duly made'.

Permits for Part A(2) Installations and Small Waste Incineration Plant (Fees and Charges) (England) Scheme 2017: <https://www.gov.uk/government/publications/permits-for-waste-incineration-fees-and-charges-for-applications>
