

## **Clerk's Report to Haigh Parish Council 1 July 2019**

### **Change of Bank Signatory**

The process of changing the bank signatory has been actioned by online submission. The bank has responded that they have received the transmission and are processing the request.

### **Registers of Interests**

These have been sent to Democratic Services at the LA. They are responsible for putting them online, but so far have not done so.

### **Exemption from External Audit**

The Certificate of Exemption from External Audit has been forwarded to the external auditor, who has acknowledged its receipt.

### **Speeding and Litter Along the B5239**

Wigan Council's Street Scene Services Manager has responded to the Council's enquiry via Dist Cllr J Hilton that he will arrange for the litter to be cleared from the footpaths and hedgerows along the B5239 and will liaise with the Highways Department over the possible introduction of signage relating to litter. I have not yet received a reply directly from Network Management about the speeding and consequent incidents and accidents along this stretch of road, but the enquiry has reached Dist Cllr Hilton, who in his email to me mentioned that an investigation was needed into the fatalities along the B5239. In his view litter blowing along the road could be a contributory factor.
