

MY TOWN

Congratulations! You are the Mayor of your own virtual town! The only problem is, you don't have any houses, a park or even a shop. Using Minecraft or other free and creative apps, build a place you would love to see in your town.

If you do not use Minecraft, there are plenty of other free apps you could use to make digital drawings, build something or make some pixel art with www.pixilart.com.

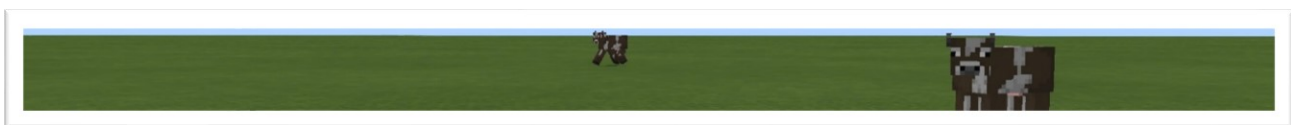

What will you make? A place to play and have fun, a farm, nice houses or flats, a cinema, escape rooms, bowling alley, a new place for learning, lovely shops or restaurants, a place for nature, art, or sports. **Who lives in your town?** People? Puppies? DINOSAURS??

Share your town with us! (Entries will be shared on Twitter @DigitalWigan)

- Your name and age.
- A screenshot image of your Minecraft creation.
- The name of your place and a short description of what it's all about.

Parents and Guardians of children under 16 years: Share your family's Minecraft creations with us by emailing digitalsupport@wigan.gov.uk or on Twitter @DigitalWigan #MyTown.

Looking for more fun digital activities? Check out our [Coding for All \(wigan.gov.uk\)](http://wigan.gov.uk) webpage, full of brilliant coding projects and websites.
