

## Request

- 1) How much did Wigan Council spend on plastic signs with poppies printed on them in 2022? Some of these can be seen attached to lampposts with the words "our borough remembers", but there are other larger plastic signs without this text in other locations.
- 2) How many signs were printed?
- 3) What are the plans for retrieving and re-using the signs?
- 4) What material were the signs printed on?

## Response

The signs are funded by Councillors using their brighter borough funding. Their total expenditure was £984

205

The responsibility for the signs lies with the individual Councillor who is responsible for putting them up and taking them down. In terms of future use, this information is not held by the Council, as each Councillor will decide on their plans for the re-use of the signs.
