

Request

Can you confirm that Wigan council classify Firs Park in Leigh as a red Area.

Response

The Wigan Council Play Strategy and Action plan can be found at the below link.

[Decision - Wigan Council Play Strategy and Action plan](#)

Firs Park was classified as red in the strategy. The strategy involves a detailed assessment of the quality and play value of the council play areas looking at 4 key priority areas:

- Age of equipment
- Play Value
- Inclusive/Accessible equipment
- Gaps of play provision

As a result of the assessment two items of equipment were removed from Firs Park and this contributed to the red rating in the strategy.

Improvements are planned at this play area as part of the play strategy.
