

Request

- 1) Would you please be able to confirm if you currently use any contracted security services provider? If so, are you please able to tell me the name and when their associated contact is up for renewal?
- 2) Are you able to confirm how much you spent last year on security services?
- 3) Would you also please be able to confirm the details of any training provider frameworks you currently utilise and when these frameworks are open for new applications?
- 4) Are you able to confirm how much your current skills budget is and how much of this you subcontract out?
