

## **Request**

We are contacting you to ask for your help with finding readily available guidance on advertising or sponsorship in your area. We are currently undertaking research at Imperial College London on local guidance regarding the advertising of products that are harmful to health (e.g. tobacco, alcohol, gambling, unhealthy food/drink).

Please could we request that you provide us with the relevant local guidance for your area?

## **Response**

Wigan council does not currently have a policy restricting the type of advertising allowed on council land. The potential to do this moving forward is currently being discussed.
