

1) Are family carers living in the same household paid a different rate from PAs not living in the same household as the family member in receipt of funding?

A PA is paid a rate currently £10.90 (Real living wage)

PA who are family members living in the same household – are granted the right to be a PA under Exceptional circumstances and so the rate isn't different

2) What is a waking night and a sleeping night for a PA living in the household and out the household?

The rate for PA is paid £10.90 regardless of waking / sleeping.
