

I am interested in making a FOI request regarding two things.

- 1) Local authorities keep data regarding to pay, such as weekly earnings, or employment, and regularly publish this. However I was wondering if the LA collects data on weekly earnings or employment by ethnicity, and if this could be shared with me. The Council does not report on ethnicity pay gaps
- 2) If as a Local authority, and a public body, you could share your ethnicity pay gap with me. N/A
