

**Request:**

Can you confirm that a house on Elizabeth Street Atherton is being used by 2 male immigrants at a cost of £130 per day paid by the council?

I have been informed that the flats on Devonshire Road have been served evictions as the council wish to transform the flats and give them to immigrants. Can you confirm if true and if so will they be given to women and children or will it be single men?

Can you confirm the numbers of these that will be getting new flats?

**Response:**

No details that we are aware of in relation to this.

We are not aware of this.
