

Request:

1. Are your workplace pensions invested in fossil fuels at all?
2. How much of your workplace pensions are invested in fossil fuels? If you can, what is it in GBP?
3. How much of your workplace pensions are invested in a green pension policy? If you can, what is it in GBP?
4. Over the last five years, have you considered a pension that does not invest in fossil fuels?
5. If you don't already invest your workplace pensions in a green pension policy, why is this?

Response:

Our Workplace pension is provided by the Greater Manchester Pension Fund which is part of the Local Government Pension Scheme. Any questions need to be lodged with them.
