

Request:

I am seeking details about Motor Vehicles that have been registered for public hire, such as Taxis or Chauffeur hire, for the period spanning from January 1st, 2013 to the present date. Specifically, I am requesting the following information:

- Vehicle registration number Manufacturer (Make) of the vehicle Model of the vehicle
- Date when the vehicle was initially licensed
- Date when the license for the vehicle ceased

Moreover, I would greatly appreciate any additional relevant information that is within the scope of this request, as long as it adheres to the provisions of the Data Protection Act.

Response:

Please see the accompanying Excel document, as of 12 September 2023:

The information provided includes details of vehicles currently licensed with the Licensing Authority. The issue dates shown will be in respect of the most recent licence issued. Previous issue / expiry dates will not be included.

Please note that the Licensing Authority now provide an online public register listing all licensed private hire and hackney carriage vehicles. This is updated on a weekly basis and is available via the following link:

[Public register \(wigan.gov.uk\)](https://www.wigan.gov.uk)

You may find this register is able to provide the information you require going forward.
