

Request

- 1) Please advise how much for each council tax band were brought in for the Standish area in 2016, 2020 and 2022.
- 2) Also with the building - what is the council tax revenue expected in Standish in 2025 and 2030 for each band.

Response

- 1) We are unable to report on this as collection is not recorded based on areas.
- 2) Any future revenue depends on the levels of new build properties which are brought into valuation and other unknown economic factors which will impact on future years budgets. Therefore we are unable to provide a figure for future dates.
