

Request

I would like to know top ten streets with the most reported traffic incidents on them in the past three years. Could I have this data broken down by year and the number of accidents on the street for 2020, 2021 and 2022. Could I have the total number of accidents per street over the three years as well please

Response

Details of recorded injury accidents in Greater Manchester is held on the Greater Manchester reported road accident database. The database is managed by Transport for Greater Manchester (TfGM) on behalf of the ten local authorities of Greater Manchester. The database can be accessed at the following link;

[GM road accidents \(gmtu.gov.uk\)](https://www.gmtu.gov.uk)

If you require further information you will have to contact TfGM direct.
