

Request

I am writing to request information through Freedom Of Information Act regarding Primary, Secondary and SEN school spend on supply teachers in the Wigan area.

- 1) The name of the school and how much they spent in academic year September 2021- July 2022.
- 2) If these figures are not available at this date I would like to request this information for academic year September 2020-July 2021.

Response

The value spent on agency supply staff as recorded by our schools is included with the attached spreadsheet. We are unable to separate teaching supply from support staff supply as schools use the same financial account code for both types of agency supply. The data provided reflects the expenditure recorded between September 2021 and July 2022.
