

Request:

Where are the latest Public Rights of Ways routes across the Greater Manchester Area.

Is this something that can be provided in a shapefile or similar geospatial format?

Response:

The Public Rights of Way mapping layers can be downloaded from the Council's Open Data pages:

[Wigan Council Open Data \(arcgis.com\)](https://www.wigan.gov.uk/open-data)

Public Rights of Way can be found under the Transport and Highways heading.
