

Request

We have identified 60 homicides, perpetrated between 2015 and 2019 that meet our definition of having been perpetrated by someone who was (or could reasonably have been expected to be) an unpaid carer for the victim.

To ensure that we have identified all relevant cases, we are approaching each safeguarding board to check whether there are any Domestic Homicide Reviews available which have not been published publicly.

Please would you be kind enough to let me know if there are any of these additional DHRs available and if it would be possible to provide these?

Response

Please refer to our website which lists all the DHR's and if they have been published:

There are no DHRs not published publicly other than the May 2020 DHR which has not been published. It is exempt from disclosure under section 44 of the FOI Act 2000 (paragraph 81 of Section 8 of Home Office Statutory Guidance 2016 applies)
