

Please can you provide any information your council holds regarding the below questions on level crossings.

1. Permanent closures of level crossings Zero

- a) Please provide a list of the annual numbers of level crossings, over which there is a public right of way, that have been closed permanently since 2009.
- b) Please provide location details for each of these closures by way of right of way number and parish or grid reference.
- c) For each permanent closure, please indicate whether a diversion has been put in place which is free of vehicular traffic.

2. Temporary closures of level crossings

- a) Please provide a list of the annual numbers of level crossings, over which there is a public right of way, that have been closed temporarily since 2009 by a Traffic Regulation Order under section 14 of the Road Traffic Regulation Act 1984. Zero
- b) Please indicate which of these closures have been in place on a rolling basis i.e. repeated application of order for the same crossing.
- c) Please provide location details for each of these closures by way of right of way number and parish or grid reference.
- d) For each temporary closure, please indicate whether a diversion has been put in place which is free of vehicular traffic.

3. Fatalities Zero

- a) Please provide a list of the annual numbers of level crossings, over which there is a public right of way, where a pedestrian fatality has occurred since 2009 – excluding those fatalities which were attributed to suicide or suspected suicide.
- b) In responding to the above, please provide relevant location details by way of right of way number and parish or grid reference.
