

Please could you direct me to the page of your website where I can find information on any areas that are subject to special control orders for advertising.

I am looking for any information on:

1. the number of areas of special control
2. the number of orders for new areas or amendments to existing areas in past years
3. where special control has been removed.

If there is any information on the 5-year review process of special control orders that would be really helpful.

There are no Special Control Orders currently designated in Wigan Borough.
