Hello Councillor

I have been informed by our contractor that the markings will be installed at the end of this week or during next week.

Kind Regards

Hello Councillor

I will keep the enquiry open for now as I do not yet have a date for the 20 mph road markings. I would estimate that these will be applied within the next 4 weeks.

Kind Regards.

Hello Councillor

Yes some monitoring was done by an official survey however as you have mentioned we have been left frustrated on the position of the survey provided by Transport for Greater Manchester. To help with this matter yes we can agree to installing some 20mph road markings to try and help the situation.

Kind Regards.

Councillor or MP enquiry?:

Councillor

Is your enquiry deemed to be an emergency:

No

Last name:

Marshall

First name:

Councillor Joanne

Email address:

[REDACTED]

Please give your enquiry a title:

Speeding Garrett Hall Road, Tyldesley

Enquiry description:

I have recived complaints about speeding cars on Garrett Hall Road, Tyldesley.

Some monitoring has already been done apparently, however the monitoring was done at the bottom of the road before the junctions of Norton rd and Kendal rd where vehicles are braking for the bend. There are some yellow warning signs but again they are at the bottom of the road.

Would it be possible to have the 20 MPH warning signs painted on the road as you enter Garrett Hall road from Thornton Rd? The area is close to schools and elderly residents bungalows.
