

1. Can you please disclose your budget for sexual health funding for the following years:

2018	18/19 £3.402m
2019	19/20 £3.158m
2020	20/21 £3.558m
2021	21/22 £2.958m
2022	22/23 £3.056m
2023	23/24 £3.271m

2. Can you also please disclose how many sexual health clinics in your local authority have reduced their opening hours in the last year?

It is difficult to quantify changes in the clinical offer over this period. The provision has adapted, in line with users' requirements, to changed access requirements, including during and since the COVID-19 pandemic. This has included the implementation of blended models of care that do not always include physical clinic. These models of care have been retained and mainstreamed in our delivery model going forward. It is therefore not possible to provide a like for like comparison.

3. Can you also please disclose how many sexual health clinics have reduced their opening days in the following years:

2018
2019
2020
2021
2022
2023
