

I would like the organisation to provide me with the following departmental documents around ICT and corporate procurement. Many organisations within your region have different document title names:

- 1) 2023/24 IT Department Documents ;- these types of documents have detailed information on the department's future plans and strategies. These documents include:

ICT Strategy/Plan, ICT Department Plan, ICT Financial Plan
  - 2) ICT Org Chart ;- with names and job titles
  - 3) Corporate Procurement Strategy that covers 2023/24 and more.
- The Council is currently undertaking the competitive re-tendering of the outsourced ICT managed service contract. As this is currently a live tender process, 2023/24 IT department documents, future plans and strategies are unknown at this stage.
- The current ICT contract is outsourced, and we do not hold this information. The new contract will be subject to TUPE.
- The Council's procurement strategy expired in 2016 and has not been updated due to the uncertainty of the UK withdrawing from the European Union, and the subsequent government green paper review into public procurement (Transforming Public Procurement – Dec 2020). New public procurement legislation is expected to be in place during 2024, at which point the strategy will be updated accordingly.
