

Could we respectfully ask THREE questions about respite care for unpaid carers (including those who are receiving the Carers Allowance) in your Metropolitan District?

- 1) How much did your council spend on respite care for unpaid carers in the 2021/2022 financial year? We do not currently record respite spend specifically for the purpose of unpaid carers and thus are unable to provide a response.
  
- 2) How much do you estimate you will have spent on respite care for unpaid carers for the 2022/2023 financial year? As Q1 above
  
- 3) What is your budget for respite care (as above) for the financial year 2023/2024? As Q1 above
