

## **Request**

Can you please inform me of how the current construction of the cycle way at the junction of Pepper Ln/ Preston Rd has been funded, indeed the total cost of all this work

The Standish Mineral Line Extension scheme (which includes the crossing on Preston Road) has been funded through The Mayor's Walking & Cycling Challenge Fund (MCF). You can find more out more information in the [Made to Move](#) report.

The Council has let a single contract for the construction of the Standish Mineral Line Extension, which combines several work packages including all the off-road sections of the route, the Old Pepper Lane crossing, and the Preston Road works.

The total contract value is £859,759.
