

## **Request**

I understand that Wigan does have at least 1 local authority company (Wigan Development Company) where it is the principal shareholder.

For all your local authority companies, please provide a copy of their contract registers.

I have seen the Council's contract register but I don't believe that this includes those procured by your local authority companies.

## **Response**

The Wigan Metropolitan Development Company Limited (Company Registration Number 01486410) is a separate legal entity from Wigan Borough Council. We do not therefore retain or maintain any contract register for or on behalf of the Wigan Development Company.
