

Request:

1. How many cases have there been in the last five years where people have been found dead in housing provided by the council where it is believed they have been undiscovered for more than two days? Please include the statistics for each year separately.
2. How many cases have there been in the last five years where people have been found dead in housing provided by the council where it is believed they have been undiscovered for more than five days? Please include the statistics for each year separately.
3. How many cases have there been in the last five years where people have been found dead in housing provided by the council where it is believed they have been undiscovered for more than ten days? Please include the statistics for each year separately.

Response:

We do not capture this data, however we have reviewed recent community deaths and the following deceased were found in the properties, we do not know how long they had been there since passing.

2021 – 3

2022 – 6
