

Request

Please could you provide the authority's / council's list of temporary accommodation (TA) suppliers noting how many properties they provide to you as well as the addresses of these properties and how much the total spend per year with them is for the following financial years:

- 2019/20
- 2020/21
- 2021/22
- 2022/23

Please note - I use the term suppliers to encompass both TA providers and contractors.

Response

Please see lists below for details of temporary accommodation providers and spend for these years.

The Freedom of Information Act 2000 (FoIA) states that any information to which a request for information relates is exempt information if it constitutes personal data (section 40(2)) and disclosure of the information to a member of the public otherwise than under this Act would contravene any of the data protection principles (section 40(3)(a)).

Disclosure under the FoIA is deemed to be to the world at large and it is in that context that section 40(3)(a) is considered. The data protection principles are set out in the UK General Data Protection Regulation (GDPR) and the first principle is that personal data shall be processed lawfully, fairly and in a transparent manner in relation to the data subject.

There are six bases for lawful processing in Article 6 of the GDPR and the only bases relevant to an FOI request are consent and legitimate interests. If we were to disclose the addresses to the world at large, individuals could then be identified, endangering their safety. There is no consent to disclose this information and therefore we have to consider whether there is a legitimate interest to disclose this personal data, i.e. process it lawfully.

In terms of property however - we currently have:

5 properties with Cromwood, 28 houses and 15 flats with Diverse, and 38 units of council dispersed properties.
