

**Request:**

- 1) The total number of applications made for the construction of tiny homes, eco homes, or homes built from shipping containers in the UK over the last 12 months, 3 years, and 5 years, respectively.
- 2) A breakdown of the number of applications mentioned above by year, specifying the number of applications for each of the last 12 months, 3 years, and 5 years.
- 3) The number of applications that were approved for the construction of tiny homes, eco homes, or homes built from shipping containers over the last 12 months, 3 years, and 5 years, respectively.
- 4) A breakdown of the number of approvals mentioned above by year, specifying the number of approvals for each of the last 12 months, 3 years, and 5 years.
- 5) The number of applications that were rejected for the construction of tiny homes, eco homes, or homes built from shipping containers over the last 12 months, 3 years, and 5 years, respectively.
- 6) A breakdown of the number of rejections mentioned above by year, specifying the number of rejections for each of the last 12 months, 3 years, and 5 years.
- 7) Information on the geographic distribution of these applications and approvals, including details on the regions or local authorities where they were filed and granted.
- 8) Any specific policies, guidelines, or criteria that local authorities use to evaluate applications for tiny homes, eco homes, or homes built from shipping containers.
- 9) Any available data or insights regarding the reasons for rejections of these applications.
- 10) Information on any trends or changes in the number of applications, approvals, or rejections for such housing types over the specified time periods.
- 11) Any other relevant information or insights that may assist in understanding the process and success rates of obtaining permissions for these housing types.

**Response:**

Wigan Council has not received any applications for 'tiny homes' as defined in the request and has no specific policies relating to this type of development.
