[Accommodation sites factsheet - April 2023 - Home Office in the media \(blog.gov.uk\)](#)

Please note the paragraph from that link.

For existing dispersed accommodation and beds in hotels, the government will provide local authorities with a one off £750 payment for each asylum seeker who is in Home Office accommodation on the 1st April 2023 – up from £250 last year. The payment will be made during quarter 1 of 2023/24.

The payment is for each asylum seeker who is in Home Office accommodation on the 1st April 2023; Kilhey Court was not Home Office accommodation on that date.
 2. The Council does not hold this information as future funding has not been announced by the Government.
 3. The Council does not hold this information as it was the Home Office's decision to use Kilhey Court; any consultation would be the responsibility of the Home Office.
