

1. Does the council currently have a policy of removing existing, or not installing new cattle grids? If so, why?

**a. No, we do not have any cattle grids on adopted highway.**

2. Please state the total number of cattle grids the Council is responsible for, the total number of cattle grids removed, number of accidents reported involving cattle grids and number of complaints involving cattle grids, number of requests for removal of cattle grids and number of requests for implementation of new cattle grids in the area the Council is responsible for, in the following years?

	2020	2021	2022	2023 to (end of Sept 2023)
Number of cattle grids on roads maintained by the council	0	0	0	0
Number of cattle grids removed by the council	0	0	0	0
Number of new cattle grids installed by the council	0	0	0	0
Number of accidents involving animals and cattle grids	0	0	0	0
Number of accidents involving people and cattle grids	0	0	0	0
Number of complaints involving cattle grids	0	0	0	0
Number of requests for removal of cattle grids	0	0	0	0
Number of requests for implementation of new cattle grids	0	0	0	0

3. For each of the following calendar years, please state the Council's total expenditure on cattle grids separating out implementing new ones, repairs to existing ones and removing cattle grids (as per grid below):

	2020	2021	2022	2023 (up until Sept 2023)
Expenditure on implementing new cattle grids	0	0	0	0
Expenditure on repairing existing cattle grids	0	0	0	0
Expenditure on removing cattle grids	0	0	0	0
