

Request

1. How many "affordable homes" that have been built in your area, under Section 106 agreements with property developers, are currently empty because a registered provider has not agreed to buy them?
2. How many homes that were due to be built in your area, under Section 106 agreements with property developers, have seen planned construction cancelled as a registered provider has not agreed to buy them? Please provide figures for both "affordable housing" and "market housing."

Response

The council has no record of any S106 affordable homes left empty due to lack of registered provider interest.

The council has no record of any affordable or open market homes secured through S106 agreements being cancelled due to lack of registered provider interest.
