Council

Request

Please find attached a Freedom of Information (FOI) questionnaire about vision rehabilitation services, which The Royal National Institute of Blind People (RNIB) is issuing to every local authority in England.

Please find enclosed the FOI questionnaire in an excel format. We use this format to improve data gathering and to allow us to monitor returns more efficiently and we would therefore be grateful if you could respond to us using the attached spreadsheet. Please note, this is separate to the FOI request on Education services which RNIB issue annually.

Response

[Please see attached completed Excel document as requested](#)
