

## **Request**

I am updating our records to take account of any changes to the council tax reduction/support scheme in Wigan from April 2024.

If you have made any changes for 2024/25 compared to the scheme you operated in 2023/24, please could you identify those changes.

## **Response**

We have not made any changes to our Council Tax Reduction scheme for 2024/25. The only changes made are due to changes in base legislation, updating and prescribed requirements.

Our 2024/25 scheme has now been published online. You can view this by visiting our website
