

Request

- 1) Following a statutory home visit, if a social worker believes a child open to Children Services on a CIN or CP Plan, may be living in a bedroom that does not meet the minimum floor area, please advise whether it is a practice expectation for a referral to be made to the housing department for a Housing Health and Safety Rating System (HHSRS) assessment to be undertaken?

Contextual information to assist: a child over the age of 10 living in a bedroom in a property that is private rented by parent(s) from a private landlord.
