

Request

Please provide the organizational structure charts (including names, jobs title and contact details and email address) for schools within the local authority

Please include all SEN schools, Pupil referral units, and alternate provisions.

I require information for Head Teachers, Deputy Heads, SENDCo, Business managers, and anyone who looks after cover / supply within the school.

Response

We do not hold organisational structure information for individual schools centrally in the Local Authority. This information would need to be obtained from each individual school/setting.

All school details including the Head teacher name can be found at the following link. The details of personnel other than the Head teacher (which is published on the below link), would need to be obtained from the school.
