Response

Cllr Jamie Hodgkinson 14.12.2020

Can I please object to this site is not suitable for this type of development and where will they have delivery's as the whole site is planned for the development the site. for many years under the councils ownership and private this are has been suitable for residents parking for this area. I don't think a very large development is the right idea for this location as the area is very busy with traffic and v bus main stop for the town and many vehicles have got stuck on this bend this site is ideal for a small shop and parking that residents can also use in the evening
Please can it be called into the planning committee for discussion

Also I have great concerns about the hight as it will restrict light to residents and impact mealhouse lane in many ways

There are no other representations from Councillors.
