

I am getting in touch regarding spending on residential adult social care (excluding elderly care)

1. What is the total amount your local authority spends on supporting adults with disabilities in residential social care and supported living settings in:
- a. 2019-20
 - b. 2020-21
 - c. 2021-22
 - d. 2022-23
 - e. 2023-24

Adults aged 18-64	Residential	Supported Living	Total
	£m	£m	£m
2019/20	4.75	20.04	24.79
2020/21	4.85	22.68	27.53
2021/22	5.11	23.01	28.12
2022/23	4.13	24.80	28.93
2023/24	5.09	28.81	33.90

Please provide these figures for the financial year and exclude care homes for the elderly in your response. If this specific level of detail is not possible, please provide the spending for adults in residential social care and supported living settings aged 18-64.

Please note that we have used primary Support reasons of Learning Disability, Physical Support and Sensory Support as our indicators of disability.

2. Please provide a breakdown of the annual cost for each provider, and whether they are private or local-authority run. If this is not possible, please provide the value of the top 3 most expensive contracts with private providers.

Adults aged 18-64
Top 3 most expensive contracts with private providers

2019/20	
Provider	£m
IAS (Services) Limited	5.10
