

Request

1. How many off-street parking spaces there are in total in the Wigan Council area
2. How many of those are motorcycle specific parking spaces?
3. How motorcycles are accommodated by the spaces listed above. That data drilled down further by location
4. What the rules/charges are for motorcycles in the above area?

Response

Details with regards to parking spaces, including current tariff charges, can be found on the Wigan Council website:
www.wigan.gov.uk.

Details with regards to parking spaces, including current tariff charges, can be found on the Wigan Council website:

There are motorbike specific bays on Mona Street car park, Wigan and Spinning Gate car park, Leigh.

There are specific motorbike pay and display machines with built in chains to secure.

Motorbikes are permitted to park in any pay and display bay, not just designated motorcycle bays. A valid pay and display ticket must be purchased and either displayed on the vehicle if secure or kept with the driver to produce if a penalty charge notice is issued.
