

REQUEST	16325	RESPONSE
1.	How many cumulative working days did council staff spend working from home in 2022-23?	We do not hold this data. We do however operate a blended approach to working whether this be from a designated council building, within the community or home in line with needs of the service.
2.	How much the council spent on work from home related costs for council workers (i.e. home desktop screens/office chairs etc) in 2022-23?	£0 – staff have the opportunity to loan office equipment if required.
