- Please can you provide me with your highway asset management strategy for carriageways in particular how do you proportion your capital carriageway budget across your road hierarchy and by what proportions?
- Could you complete the below table for the financial year 2024/25?

**RESPONSE**

We don't hold the information for the splits in the classifications between urban and rural as listed in the table as we only record against each classification of carriageway A,B,C and U roads as a total.

Asset Group	Description	Length (km)	Budget Proportion (%)
1	A Road Urban	142.18	21.45
2	A Road Rural		
3	B Road Urban	55.15	4.45
