

Request

I would like to request a comprehensive list of the social housing providers, housing associations, and assisted living providers currently offering housing and/ or support to residents in the Leigh and Atherton constituency.

If you could also provide contact information for these organisations and relevant website links etc I'd be grateful.

Response

The Council cannot provide a 100% accurate comprehensive list of Registered Providers (RPs) and Housing Associations (HAs) that currently operate in our local authority area, nor any specific area within the local authority area.

In terms of the RPs and HAs in our overall local authority area that we are aware of as we do work with them in some form, we publish this on our website at:

[Affordable home providers \(wigan.gov.uk\)](http://wigan.gov.uk).
