

In regards to your response to FOI 16905 I have a few follow up questions since these weren't answered in the response:

1. What is the estimated total value for the contract?

As quoted in the tender pack when the contract was advertised openly: "Indicative budget is £45,000 per annum based on 2017-18 expenditure. This equates to a total contract value (including the option to extend for two years) of £225,000 for a five-year duration. This service is demanded."

2. Who has awarded the previous contract?

Topp Language Solutions Ltd.

3. Is there a link to the contracts on contract finders?

Yes, contract notice published to 'Contracts Finder' to advertise the contract and then a Contracts Award Notice to award the contract published to 'Contracts Finder' on the 17th September 2018. Reference – WIGN001-DN350616-70312843. This contract has subsequently been re-tendered since this contract, and we are currently interviewing for suitable providers.
