1. Has Wigan Council ever commissioned an Adult Review Project team to work within the Adult Social Care division to conduct Adult Reviews?
2. If so, when did the team start and finish?
3. Are there any adult reviews in Wigan Council that exceeds the 12 month review timeline?
4. If so, how many?

RESPONSE

1. No - our statutory duty to complete adult reviews is undertaken by all social workers and social care officers within adult social care. We utilise some of our officers to focus on our more complex reviews including those who are supported out of our borough and those living in shared supported accommodation, but reviews are only one part of their project role and are not separately commissioned to undertake reviews.
